# Proposal for **Hi PATH** Curriculum 2026-27

Hi Toto

Hi Tina

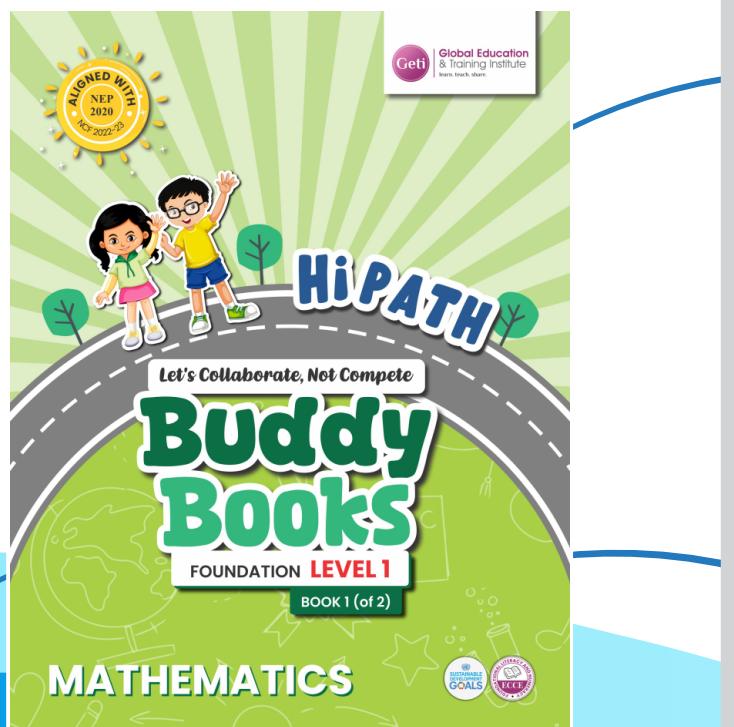

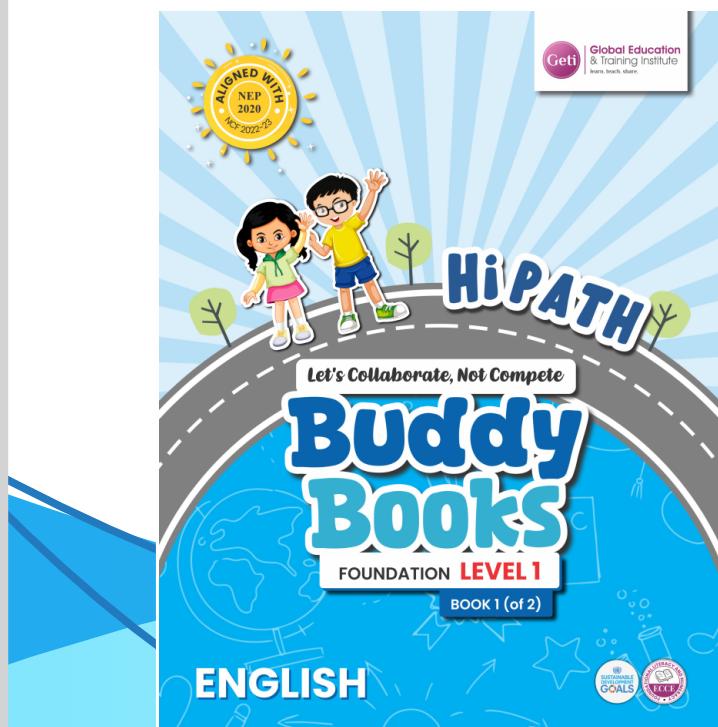

## Foundational Stage

Pre-Primary to Grade 2

## Preparatory Stage

Grades 3 to 5

# Stronger Learning. Happier Classrooms.

Proven to lift every child through paired learning and active classrooms.

With the Hi PATH Curriculum powered by ALfA (Accelerating Learning for All) pedagogy, your school can experience what's possible when classrooms become active, engaging and results-driven. ALfA has grown from just 20 schools in 2022 to over 10,000 schools today, across government, budget private and elite schools.

ALfA has been embraced by City Montessori School (CMS), Lucknow, the world's largest school (a Guinness Record). They adopted this in 2022 after a 20-school Randomized Control Trial of ALfA in 20 government schools evaluated by the Harvard Graduate School of Education (HGSE, USA) showed outstanding FLN gains.

CMS first piloted ALfA using only eBooks (2022–24). Based on strong results, CMS adopted a full-year program in 12 of 21 campuses in 2024–25, and then 19 of 21 campuses chose ALfA in 2025–26.

## PATH x ALfA

### Hi PATH: PATH x ALfA

PATH is Purposeful, Active, Transformative, and Holistic education.

Hi PATH is a curricular program for private schools that brings together the vision of PATH with the ALfA pedagogy so that every child can succeed more.

Hi PATH is closely aligned with NEP 2020, shifting the focus:

- from teaching to learning
- from passive to active classrooms
- from content alone to 21st century skills

Explore more and experience ALfA in action:

- PATH movement: [www.getilearn.org/path](http://www.getilearn.org/path)
- Full access to books & classroom videos: [www.hipath.in](http://www.hipath.in)
- Daily online townhall (1–2 pm): [www.getilearn.org/ot](http://www.getilearn.org/ot)

Global Education  
& Training Institute  
learn. teach. share.

An independent evaluation in July 2025 of Grade 3 after just 8 weeks of ALfA in CMS showed a clear 10–11 percentage point learning advantage for ALfA learners within the same school system.:

- **English:** 73% (ALfA) vs 63% (non-ALfA) campuses
- **Mathematics:** 71% (ALfA) vs 60% (non-ALfA) campuses

ALfA is the outcome of two decades of research by **Dr. Sunita Gandhi**—Educator, Researcher, Innovator, Author and founder of GETI: Global Education & Training Institute, with a Ph.D. from Cambridge University, UK. After establishing schools in Iceland and the Czech Republic, she engaged in pioneering work on Ipsative assessment (comparing learners with themselves, not others). She is author of two books on ALfA published by Bloomsbury, India (available on Amazon).
